# Chemistry Sample Submission Sheet

**Analytical Food Laboratories**  
865 Greenview Drive  
Grand Prairie, Texas 75050  
Phone 972-336-0336 Fax 972-652-0055

| Sample Description | Fat | Moisture | Salt | Ash | Protein | Free Fatty Acids | Peroxide Value | Water Activity | pH | Other |
|--------------------|-----|----------|------|-----|---------|------------------|----------------|----------------|----|-------|
| 1                  |     |          |      |     |         |                  |                |                |    |       |
| 2                  |     |          |      |     |         |                  |                |                |    |       |
| 3                  |     |          |      |     |         |                  |                |                |    |       |
| 4                  |     |          |      |     |         |                  |                |                |    |       |
| 5                  |     |          |      |     |         |                  |                |                |    |       |
| 6                  |     |          |      |     |         |                  |                |                |    |       |
| 7                  |     |          |      |     |         |                  |                |                |    |       |
| 8                  |     |          |      |     |         |                  |                |                |    |       |
| 9                  |     |          |      |     |         |                  |                |                |    |       |
| 10                 |     |          |      |     |         |                  |                |                |    |       |
| 11                 |     |          |      |     |         |                  |                |                |    |       |
| 12                 |     |          |      |     |         |                  |                |                |    |       |
| 13                 |     |          |      |     |         |                  |                |                |    |       |
| 14                 |     |          |      |     |         |                  |                |                |    |       |
| 15                 |     |          |      |     |         |                  |                |                |    |       |
